

Volvo Buses. Driving quality of life

# VOLVO 9500

## CREATING PASSENGER VALUE

**The Volvo 9500** is a good first step into the Volvo coach range. It's highly cost-efficient for medium range travelling and line-haul.

The new and very fuel-efficient Euro 6 engine provides excellent driveability with reduced fuel consumption. Count on Volvo-class uptime, reliability and safety for your investment.

... This is the ultimate coach for a  
... cost-efficient business, offering  
... passenger value at a fair price.

# DRIVING A COST-EFFICIENT BUSINESS

## Productivity for real

The Volvo 9500 combines true cost-efficiency with renowned Volvo quality and safety. A highly affordable alternative, with outstanding reliability.

## Fuel efficiency and reduced operational cost

The new Euro 6 engine in the Volvo 9500 is even more fuel-efficient than its predecessors. In addition we offer a range of services that reduce fuel consumption still further.

## Satisfied customers

The Volvo 9500 is the ultimate coach for passengers who value comfort at a fair price. Whichever way you specify your Volvo 9500, your passengers will get more than they expect.

## Business in partnership

Our promise is to be your best business partner. We offer a range of services to maximise uptime, reduce life cycle cost and facilitate the management of your fleet.

## Reliable uptime

The entire Volvo 9500 and our services are designed to give you maximum uptime, with trouble-free maintenance exactly when needed.

## Environmental performance

At Volvo Buses we give you environmental performance with a business upside. Such as our new, lighter and efficient Euro 6 engines.

## The driver's choice

Volvo ergonomics in a class of its own. It's an efficient workplace with excellent driving comfort, helping the driver stay focused and alert.

## Renowned Volvo Safety

At Volvo, we always put safety first. It's in our genes. The result is experienced and appreciated by drivers and passengers worldwide everyday.

⋮ Reduced operational cost

# SAVE <sup>UP TO</sup> 10% OF YOUR FUEL COST

**Volvo's new Euro 6 engine range** is even more fuel-efficient than its predecessors.

However, fuel economy is not only a matter of engine specifications – it's also about how the vehicle is driven and maintained. That's why we continuously develop services that reduce fuel consumption. With Driver Training, Fuel Management and optimised maintenance, fuel-savings of up to 10% are entirely possible. Bottom line profit from day one.

⋮ *Save up to 10% fuel and  
⋮ reduce emissions even more.*

#### **Fuel-saving services**

With our Fleet Management you get detailed reports that allow you to trace the cause of variations in fuel consumption and take action. For example with Driver Training followed up by I-Coaching, giving the driver instant feedback which helps maintain the newly learned driving skills.

#### **More efficient with driver training**

With Driver Training you improve the skills of your drivers and save fuel, and there is huge potential. Our expert trainers teach drivers worldwide how to drive more efficiently while at the same time providing the passengers with a pleasant ride.

#### **Euro 6 with reduced fuel consumption**

With our new extremely fuel-efficient 8-litre Euro 6 engine we combine reduced consumption with high power output and torque. Together with our advanced engine management system and the legendary Volvo I-Shift 12-speed gearbox you get increased efficiency while cutting your business's fuel cost.

Reliable uptime

# BUILT TO RUN, RUN AND RUN

**A coach belongs on the road.** Reliability is a business cornerstone. And we know every minute and every mile counts. That is why the entire Volvo 9500 and our services are designed to give you maximum uptime. Proven Volvo technology and extremely durable mechanical design ensure reliability and a long service life. Add services such as an individual service plan, Driver Training and our renowned workshop efficiency and you can count on what matters: uptime 24/7.

## Cost-efficient with Service Contracts

With our Service Contracts you get trouble-free, cost-efficient maintenance and a high residual value. Add to that the assurance that only Genuine Volvo Parts are used and fitted by experts. Aspects such as driving environment, mileage, chartering or line-haul determine your individual solution.

## Vehicle Management services

Adding our maintenance planning service helps you optimise vehicle availability and avoid unplanned stops. Through on-board telematics you know exactly how much and under what conditions your fleet is running, allowing you to adapt your maintenance and optimise your operation.

## Boost uptime with Driver Training

Driving style not only affects fuel economy and passenger experience. It is also a crucial factor when it comes to the overall wear and tear of the coach. With our Driver Training even your best drivers can enhance their skills. An attentive, well-trained driver can make all the difference when it comes to maintaining uptime.

... The driver's coach

# THE PERFECT WORKPLACE

The driver's environment in the Volvo 9500 is designed for excellent driving comfort. A spacious workplace with world-class ergonomics, featuring an easy-to-view instrument panel with new cluster and controls located within convenient reach, help the driver stay focused and alert.

**The Volvo 9500 asks to be driven.** A responsive engine in combination with the Volvo I-Shift transmission provides a unique driving feel. The gearbox software is optimised for coach touring, as is the rear axle. The result is a comfortable, quiet and highly efficient day at work.

**Superior visibility** enhances driving safety. The Volvo 9500 features large glass panels, three-section exterior mirrors and reversing camera.

**I-Coaching assists the driver** to drive more safely, fuel efficiently and comfortably. It gives instant feedback on parameters such as over-revving, excessive idling, over-speed and harsh curving, helping the driver improve performance.

**The driver's environment** features a low noise level, climate control and a range of personal settings for enhanced driving comfort. In addition, there is plenty of space for personal belongings.

... Satisfied customers

# COMFORT FOR THE COST-CONSCIOUS

The Volvo 9500 is highly efficient for medium-range travel or line-haul operation. This is the ultimate coach for passengers who value comfort at a fair price rather than a luxury experience. Whichever way you specify your Volvo 9500, your passengers will get more than they expect.

**The airy interior design** creates an inviting passenger environment. An entirely new range of seats featuring renowned Scandinavian ergonomic design offer enhanced travel comfort. Low interior noise and an efficient automatic climate control system add to the experience.

**Less weight - more loading capacity.** The new seats feature a weight-saving design that not only helps save fuel, it also allows for increased passenger capacity or the possibility of carrying more luggage. This contributes to increased productivity every single day.

**Efficient space.** Whatever your passengers want to bring, you can assure them safe and convenient storage all the way. Whether it's personal items to have close at hand during the journey or the bulky luggage stored in the luggage compartment, the Volvo 9500 features all the capacity you need.

**New seats for improved comfort.** The new range of very comfortable seats features advanced ergonomic design to ensure all types of passengers, tall or short, enjoy a smooth and pleasant ride. The seats are available in two different comfort levels and with a variety of design details and equipment to meet your individual needs.
