⋮ *what awaits – a journey to remember*
⋮ *for both driver and passengers.*

DESIGNED TO BOOST YOUR BUSINESS

True uptime

The entire Volvo 9700 and our services are designed to give you maximum uptime with trouble-free maintenance exactly when needed.

Fuel efficiency and reduced operational cost

The new Euro 6 engine in the Volvo 9700 is even more fuel-efficient than its predecessors. In addition we offer a range of services that reduce fuel consumption still further.

The passenger's coach

However you specify your Volvo 9700, your passengers will enjoy the journey. The entirely new range of seats features renowned Scandinavian ergonomic design that takes passenger comfort to the next level.

Business in partnership

Our promise is to be your best business partner, with services to maximise uptime, reduce life cycle cost, facilitate the management of your fleet and secure high residual value.

Versatile in application

The Volvo 9700 is built to be just the coach you need to increase productivity. A comfortable charter or a line-haul workhorse? Maybe both? Your Volvo 9700 can be specified to meet almost any kind of need.

Environmental performance

At Volvo Buses we give you environmental performance with a business upside. Such as our new, lighter and efficient Euro 6 engines.

The driver's coach

Volvo ergonomics in a class of its own. It's a perfect workplace with unmatched driveability and comfort, helping the driver stay focused and alert.

Renowned Volvo Safety

At Volvo, we always put safety first. It's in our genes. The result is experienced and appreciated by drivers and passengers worldwide everyday.

⋮ Reduced operational cost

SAVE ^{UP TO} 10% OF YOUR FUEL COST

Volvo's new Euro 6 engine range is even more fuel-efficient than its predecessors. However, fuel economy is not only a matter of engine specifications – it's also about how the vehicle is driven and maintained. That's why we continuously develop services that reduce fuel consumption. Together with our Fleet Management, Driver Training and I-Coaching fuel-savings of up to 10% are entirely possible. Bottom line profit from day one.

⋮ reduce emissions even more.*

Fuel-saving services

With our Fleet Management you get detailed reports that allow you to trace the cause of variations in fuel consumption and take action. For example with Driver Training followed up by I-Coaching, giving the driver instant feedback which helps maintain the newly learned driving skills.

More efficient with driver training

With Driver Training you improve the skills of your drivers and save fuel, and there is huge potential. Our expert trainers teach drivers worldwide how to drive more efficiently while at the same time providing the passengers with a pleasant ride.

Euro 6 with reduced fuel consumption

With our new and lighter Euro 6 engines we reduce fuel consumption while maintaining power output and torque. Together with our advanced engine management system and the legendary Volvo I-Shift 12-speed gearbox you get increased efficiency, while cutting your business's fuel cost.

... True uptime

DESIGNED FOR 100% AVAILABILITY

A coach belongs on the road. Running efficiently, securing your business. We know every minute and every mile counts. That is why the entire Volvo 9700 and our services are designed to give you maximum uptime. Proven Volvo technology and extremely durable mechanical design ensure reliability and a long service life. Add services such as Vehicle Management, Service Contracts and Driver Training and you can count on what matters: uptime 24/7.

Vehicle Management services

Adding our maintenance planning service helps you optimise vehicle availability and avoid unplanned stops. Through on-board telematics you know exactly how much and under what conditions your fleet is running, allowing you to adapt your maintenance and optimise your operation.

Tailored Service Contracts

With our Service Contracts you get optimum performance and availability at a fixed monthly cost. We offer service plans completely optimised for your vehicles and business. Count on trouble-free maintenance, exactly when needed, and assurance that only Genuine Volvo Parts are used – fitted by experts.

Boost uptime with Driver Training

Driving style not only affects fuel economy and passenger experience. It is also a crucial factor when it comes to the overall wear and tear of the coach. With our Driver Training even your best drivers can enhance their skills. An attentive, well-trained driver can make all the difference when it comes to maintaining uptime.

... The driver's coach

A SUPERIOR DRIVING EXPERIENCE

The driver's environment in the Volvo 9700 is designed for unmatched driving comfort. A spacious workplace with world-class ergonomics, featuring an easy-to-view instrument panel with new cluster and controls located within convenient reach, helps the driver stay focused and alert.

The Volvo 9700 is the driver's coach. High engine torque across a wide rev range in combination with the Volvo I-Shift transmission provides a unique driving feel and dependable acceleration for safer overtaking. The gearbox software is optimised for coach touring, as is the rear axle. The result is a comfortable, quiet and inspiring day at work.

Superior visibility enhances driving safety. The Volvo 9700 features large glass panels, new foldable exterior mirrors with a wider view and a reversing camera.

I-Coaching assists the driver to drive more safely, fuel efficiently and comfortably. It gives instant feedback on parameters such as over-revving, excessive idling, over-speed and harsh curving, helping the driver improve performance.

The driver's environment features a low noise level, climate control and a range of personal settings for enhanced driving comfort. In addition, there is plenty of space for personal belongings.

⋮ The passenger's coach

A JOURNEY TO REMEMBER

The bright, airy interior design with theatre floor creates an inviting passenger environment. An entirely new range of seats featuring renowned Scandinavian ergonomic design takes passenger comfort to the next level. Together with the low interior noise, superior interior climate system and on-board entertainment system we can promise a passenger experience beyond expectation.

Premium or Superior? The Volvo 9700 is available in a choice of optimised equipment levels, Premium or Superior. Depending on your operations and your passengers' expectations, one of the two will serve as a solid base. Build on this by specifying options and fine-tuning the coach to suit your specific business.

The Volvo 9700 features an inviting design, noticeable already from a distance and tangible the moment you step on board. The interior design, the new seats and the theatre floor create an airy feeling that enhances the passenger experience.

... The passenger's coach

New seats for improved comfort. The new range of very comfortable seats features advanced ergonomic design to ensure all types of passengers, tall or short, enjoy a smooth and pleasant ride. The seats are available in three different comfort levels and with a variety of options and design details to suit your individual needs.

Entertainment. The on-board entertainment system features both sound and vision to satisfy discerning passengers.

Climate system. A powerful automatic climate system with separate driver's zone ensures a comfortable passenger environment, any season.

A safe journey. The Volvo 9700 is designed to provide a safe journey for everyone. The seats feature deformation zones and can be equipped with three-point seat belts, booster cushions and even integrated rear-facing child seats.

Space for every interest. Whatever your passengers want to bring, you can assure them safe and convenient storage all the way. Whether it's personal items to have close at hand during the journey or bulky luggage, the Volvo 9700 features all the capacity you need.
