

Volvo Buses. Driving quality of life

VOLVO 9900 GETTING CLOSER TO YOUR DREAMS

The Volvo 9900 is a true first-class experience, for passengers and drivers alike. A luxury coach that brings superior comfort, quality and inspiration to the next level.

No matter how long the journey, even your most demanding customers will remember it with pleasure. So will your driver, after driving the new fuel-efficient yet highly responsive Euro 6 engine.

... The appealing new exterior design
... and the sloping window line radiate
... the luxury experience that awaits you.

DESIGNED FOR A PREMIUM BUSINESS

A premium experience

There are passengers who settle for nothing than the best. In the Volvo 9900, you can specify the luxurious interior for an even more personal and comfortable experience.

Fuel efficiency and reduced operational cost

The new Euro 6 engine in the Volvo 9900 is even more fuel-efficient than its predecessors. In addition we offer a range of services that reduce fuel consumption still further.

For demanding passengers

Luxury comes standard. The new exterior design signals a premium experience. Inside it's confirmed with high-quality materials, theatre floor and our top-level seats with renowned Scandinavian ergonomic design.

Ownership in partnership

Our promise is to be your best business partner. We offer a range of services to maximise uptime, reduce life cycle cost and facilitate the management of your fleet.

Quality uptime

The entire Volvo 9900 and our services are designed to give you a superior quality experience with maximum uptime, combined with trouble-free maintenance exactly when needed.

Environmental performance

At Volvo Buses we give you environmental performance with a business upside. Such as our new, lighter and efficient Euro 6 engines.

The driver's dream

World-class Volvo ergonomics combined with distinct road handling and effortless response ensure unmatched driving comfort.

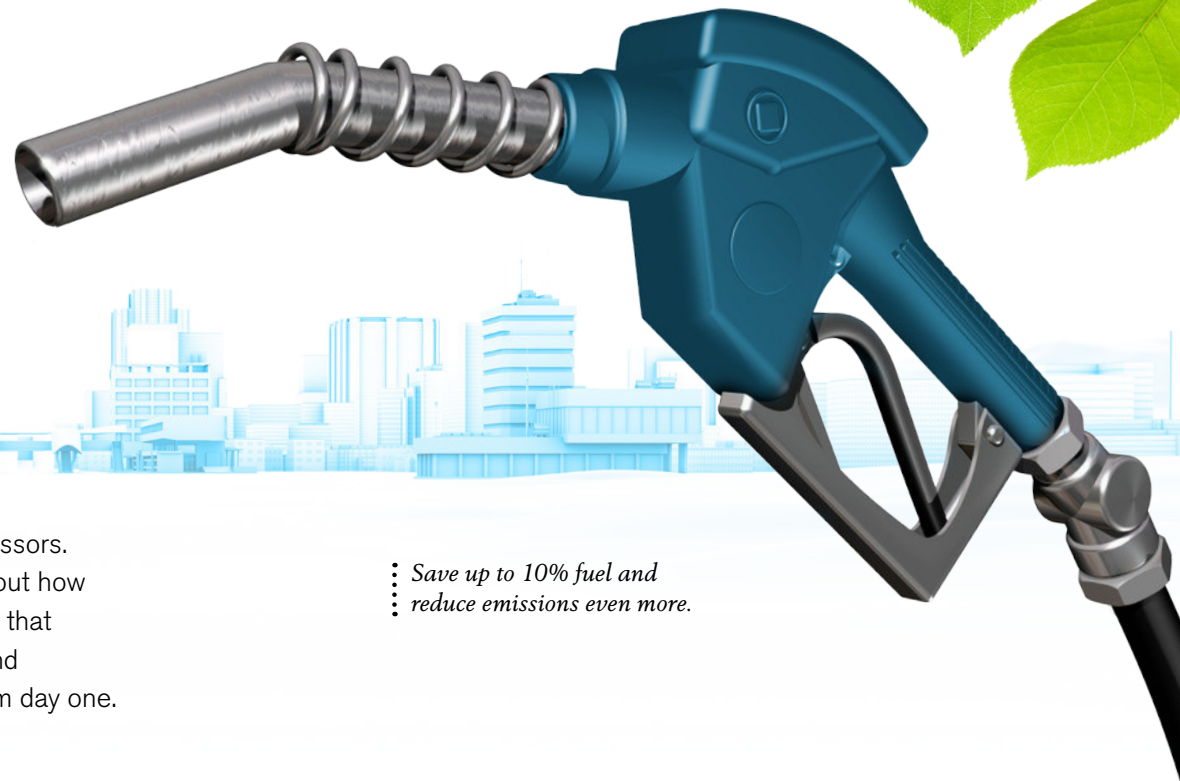

Renowned Volvo Safety

At Volvo, we always put safety first. It's in our genes. The result is experienced and appreciated by drivers and passengers worldwide everyday.

⋮ Reduced operational cost

SAVE ^{UP TO} 10% OF YOUR FUEL COST

Volvo's new Euro 6 engine range is even more fuel-efficient than its predecessors. However, fuel economy is not only a matter of engine specifications – it's also about how the vehicle is driven and maintained. That's why we continuously develop services that reduce fuel consumption. Together with our Fleet Management, Driver Training and I-Coaching, fuel-savings of up to 10% are entirely possible. Bottom line profit from day one.

⋮ *Save up to 10% fuel and
reduce emissions even more.*

Fuel-saving services

With our Fleet Management you get detailed reports that allow you to trace the cause of variations in fuel consumption and take action. For example with Driver Training followed up by I-Coaching, giving the driver instant feedback which helps maintain the newly learned driving skills.

More efficient with driver training

With Driver Training you improve the skills of your drivers and save fuel, and there is huge potential. Our expert trainers teach drivers worldwide how to drive more efficiently while at the same time providing the passengers with a pleasant ride.

Euro 6 with reduced fuel consumption

With our new and lighter Euro 6 engines we reduce fuel consumption while maintaining power output and torque. Together with our advanced engine management system and the legendary Volvo I-Shift 12-speed gearbox you get increased efficiency, while cutting your business's fuel cost.

... Quality uptime

SIMPLY 100% QUALITY TIME

A Volvo 9900 is all about delivering a superior quality experience. Running efficiently, securing your business. That is why the entire Volvo 9900 and our services are designed to give you maximum uptime. Proven Volvo technology and extremely durable mechanical design ensure reliability and long service life. Add services such as Vehicle Management, Service Contracts and Driver Training and you can count on what matters: uptime 24/7.

Vehicle Management services

Adding our maintenance planning service helps you optimise vehicle availability and avoid unplanned stops. Through on-board telematics you know exactly how much and under what conditions your fleet is running, allowing you to adapt your maintenance and optimise your operation.

Tailored Service Contracts

With our Service Contracts you get optimum performance and availability at a fixed monthly cost. We offer service plans completely optimised for your vehicles and business. Count on trouble-free maintenance, exactly when needed, and assurance that only Genuine Volvo Parts are used – fitted by experts.

Increase quality time with Driver Training

Driving style not only affects fuel economy and passenger experience. It is also a crucial factor when it comes to the overall wear and tear of the coach. With our Driver Training even your best drivers can enhance their skills. An attentive, well-trained driver can make all the difference when it comes to maintaining uptime.

... The driver's dream

A QUALITY DRIVING EXPERIENCE

Open the separate driver's door and take your seat. You'll feel it right away. The spacious driver's environment features world-class ergonomics for superior driving comfort. Helping the driver stay focused and alert, even after a full day on the road.

The Volvo 9900 is the driver's coach. Distinct road handling and effortless response from the powerful engine make you feel at one with the coach. The Volvo 12-speed I-Shift transmission is optimised for coach touring, providing silky-smooth gear changes for superior riding comfort. The result is unmatched driving inspiration and comfort at work.

The separate driver's door boosts everyday convenience for the driver. New foldable exterior mirrors with wider view, large glass panels and a reversing camera enhance visibility for increased driving safety.

I-Coaching assists the driver to drive more safely, fuel efficiently and comfortably. It gives instant feedback on parameters such as over-revving, excessive idling, over-speed and harsh curving, helping the driver improve performance.

The driver's environment features easy-to-view instrument panel with new instrument cluster and controls located within convenient reach. Comfortable Volvo driver's seat, low noise level, separate climate controls and a range of personal settings ensure superior driving comfort.

⋮ For demanding passengers

LUXURY IS PERSONAL

Even though a coach is all about travelling together, every passenger is an individual. And with the Volvo 9900, you can make them feel just like that. The high-class and luxurious interior can be equipped with a range of options that will create an even more personal and comfortable environment.

The ultimate ride

The Volvo 9900 is available in different lengths and with varying numbers of seats and luggage capacity. Whichever you choose, your passengers are seated in world-class seats on a theatre floor, enjoying a pleasant climate and a wonderful view through the large windows. And when the sun is too intense, the sun blinds come in handy. It's a premium experience you can boost even more with different options for tables, footrests and other convenient features that help you to fulfil your company's promise to your customers. In other words turning every journey into a memorable experience and a story your passengers will share with family and friends.

The dynamic exterior design with sloping window line and the inviting entrance hold a promise of the quality experience that awaits the passenger.

The image shows the interior of a modern luxury coach. Rows of blue leather seats with white stitching and side panels are arranged on both sides of a central aisle. The seats have adjustable headrests and armrests. Beige curtains are tied back on the windows. The ceiling features recessed lighting and air vents. The floor is made of dark wood. The perspective is from the back of the coach looking forward.

For demanding passengers

A PREMIUM EXPERIENCE

The new exterior design and the sloping window line are clear indicators: this is a genuine luxury coach. Inside, the bright, airy design, the generous space and theatre floor create an inviting passenger environment that promise a truly premium passenger experience.

An entirely new range of seats, meticulous choice of materials, exclusive features and various options contribute to a high-quality impression, down to the smallest detail. Together with the lighting, extremely low ambient noise, a superior air conditioning and advanced entertainment system we can ensure a journey that will exceed your passengers' expectations. By far.

... For demanding passengers

New top-level seats for superior comfort. The new range of seats is available in two top-comfort levels, with a variety of design details and options allowing you to adapt them exactly to your needs. Our unique Volvo seats feature renowned Scandinavian ergonomic design, ensuring all types of passengers, tall or short, enjoy a pleasant ride in first-class comfort.

Entertainment. The on-board entertainment system features both sound and vision to satisfy demanding passengers.

Climate system. A powerful automatic climate system with separate driver's zone ensures a comfortable passenger environment, any season.

A safe journey. The Volvo 9900 is designed to provide a safe journey for everyone. The seats feature deformation zones and can be equipped with three-point seat belts, booster cushions and integrated rear-facing child seats.

Luggage travels first-class. Whatever your passengers want to bring, you can assure them safe and convenient storage all the way. Whether it's personal items to have close at hand during the journey or bulky luggage, the Volvo 9900 features all the capacity you need.
